Helping Music Students Soar
Since 2000

Thank you for your interest in the Allegro Scholarship Program. Allegro provides tuition assistance for qualifying students studying an assortment of instruments. The students are taught by talented music instructors in Lake, Mendocino, and Sonoma Counties.

Allegro also awards recognition certificates and college education grants for excellence in creativity, performance, and community service in the art of music to deserving young adult musicians.

Deep appreciation is given to The George and Ruth Bradford Foundation and all the organizations and individuals who contribute year after year. Also recognized is the Lake County Symphony Association, Inc. which graciously welcomed the Allegro Scholarship Program under its 501(c)(3) Charitable Organization umbrella in January 2021.

The Allegro Scholarship Program continues to find new ways to embrace its mission to encourage gifted and talented music students to reach their potential and keep music in their lives. Please consider making a tax-deductible qualifying contribution. You will receive a detailed receipt in the mail for your donation.

Sincerely,

Please make your check payable to:
